

# Woollahra Public School Catchment Map

## Updated March 2018

The current Woollahra Public School catchment area is shown in the map below. This map shows the designated area for students who live in our local area and are eligible for enrolment at the school. It is recommended that all prospective families check that their specific address is in our local area by using the Department of Education's School Finder software. This can be found at:

<https://education.nsw.gov.au/school-finder>
